

AVAILABILITY

This optional rate schedule is available to all residential consumers, and to schools, churches, and community halls requiring single-phase service in individual locations, and individually metered apartments. This rate schedule may be selected at the consumer's request. This rate will be effective for the first billing period following the consumer's request for the rate. If the consumer chooses to select a different available rate schedule, the selected rate will be effective for the first billing period following the consumer's request.

APPLICABILITY

This rate is not applicable for resale, breakdown, standby or auxiliary service.

DESCRIPTION

This rate has two parts: a monthly service availability charge and an energy charge. The energy charge will vary by the time of day that the energy is used (On-Peak or Off-Peak); the On-Peak/Off-Peak time periods vary by season (Winter or Summer). The rate does not include a demand charge based on how much energy is used at one time.

TIME PERIODS

Winter: Applies to the months of October through April. On-Peak time period for this rate schedule is 6:00 a.m. to 11:00 a.m. and 5:00 p.m. to 10:00 p.m. Monday through Saturday. All other hours are Off-Peak hours.

Summer: Applies to the months of May through September. On-Peak time period for this rate schedule is 3:00 p.m. to 10:00 p.m. Monday through Saturday. All other hours are Off-Peak hours.

MONTHLY CHARGES

Service Availability Charge	\$37.50	
Energy Charge On-Peak	\$0.156350	per kWh
Energy Charge Off Peak	\$0.055840	per kWh

* Unbundled Components of the Monthly Charge are set forth on Schedule 1-C.

OTHER CHARGES AND SERVICE DETAILS

This rate is subject to all billing adjustments and adders outlined in the Schedule of Billing Adjustments, Adders and Service Details.
